About the role and service

The Bradford RESET service, which stands for Recognising, Engaging and Supporting Everyone to Transform, will officially launch on April 1st, 2025. This innovative service brings a trauma-informed approach to support individuals who have caused or who are causing harm in their intimate and/ or family relationships and for those with additional complex needs within our community. Bradford RESET is led by Bridge in partnership with Create Strength Group.

Bradford RESET uniquely combines two existing services focused on domestic abuse, delivered by Bridge, with an extensive **new programme offer** for individuals aged 16 and over who cause harm. This integration creates a vibrant opportunity for Bradford to tackle the underlying causes of domestic abuse by providing effective, therapeutic, and proactive support. We also recognise the importance of holistic family wellness and safety, offering therapeutic support for entire families affected by the behaviours of individuals involved in the programme.

The Case Worker will be part of a wider team and is dedicated to the new programme element of the Bradford RESET service.
